Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner notified Applicant of the mishap in the previous Notice of Allowability mailed 12/29/05, that incorrectly cancelled the non-elected species-restricted claims 2 and 4-9. Examiner agreed to submit a Supplemental Action to correctly indicate that claims 2 and 4-9 are also allowable, thus allowing claims 1-13 of the patent application. Applicant agreed to allow Examiner to amend the Cross-Reference To Related Applications portion of the specification, to indicate the status of the related application 09/742,604, which is now abandoned.
